	- Applied Machine Learning Using Python (150 hours)
	- Fullstack open Bootcamp & Open Bootcamp (Helsinki University Bootcamp)
	- Applied Artificial Intelligence for Business (250 hours)
	- Oracle Applications for Data Mining and Big Data (150 hours)

OTHER STUDIES

Currently	**Studies in Psychology Degree**	*National University Distance Education (UNED)*
2022-2017	**Studies in History Degree**	*University of Barcelona (UB)*
2009-2006	**Higher Degree Studies in Administration and Finance**	*IES Rambla Prim*

LANGUAGES *(ordered from highest to lowest proficiency)*

Spanish and Catalan	These are my native languages.
German	I lived in Berlin in 2011 and took a language course at Volkshochschule Berlin Steglitz. In 2023, I also studied at La Pau Official School of Languages (EOI).
French and Italian	In 2023, alongside German, I studied French at EOI. I also learned Italian through interactions with Italian speakers.
Russian and Arabic	I completed a summer intensive course at Drassanes Official School of Languages (EOI) for both Russian and Arabic. Additionally, I practice Arabic with my fiancée.

MAIN KNOWLEDGE IN COMPUTING

BACKEND	Extensive knowledge of **Java** and **Python**. Experience working with **C#** and **NET** at Itequia.
	Working knowledge of **Django** for web development. Proficient in relational databases including **MySQL** and **Oracle**. Familiar with **MongoDB** from occasional use.

FRONTEND	Familiar with **React** and **Angular**. Self-taught in **JavaScript**, with practical experience in HTML5, CSS3 and Bootstrap.

SMARTPHONE APLICATIONS	Extensive knowledge of **Kotlin** and **Java** for native Android applications. Experienced with **Flutter** for cross-platform development and proficient in **React Native** and **Ionic** for both mobile applications.

OTHER COMPUTER SKILLS	**Version Control**: Experienced with **Git** and **GitHub**, used regularly during my studies.
	Design: Proficient in **Photoshop**, GIMP, and **Figma** for graphic design.
	3D Modeling and Development: Skilled in Blender, Unreal Engine, and Unity.
	ERP: Experience with SAGE (Facturaplus, Contaplus, and Nominaplus) and Odoo.
	Office Suite: Highly knowledgeable in Microsoft Office.

PROFESSIONAL EXPERIENCE

Currently since 02/2024	**YouTube Educator**: Create educational content on a wide range of topics, including, for example, steganography techniques in cybersecurity, design patterns in programming, and project-building guides using various technologies.
Until 06/2023 from 05/2022	**Software Developer at Itequia**: Worked as a full stack developer for prominent clients such as the Celsa Group and the Agbar Group.
Until 10/2023 from 04/2019	**Public Road Inspector**: Took on various responsibilities including conducting training for new inspectors, performing staff quality controls, writing reports for the town hall, developing questionnaires, and handling other related tasks.
Until 09/2017 from 09/2013	**Professor at Fructuos School**: Taught reinforcement classes and developed workshops in emotional education, conflict resolution, and related areas
Until 12/2012 from 01/2012	**Administrative in the Logistics Department at Toitoi**: Supervised and managed a team of 13 operators, designed and optimized work routes, trained administrative staff from other departments, implemented new technologies such as service geolocation, and handled direct communication with customers and suppliers, among other responsibilities.
Until 09/2009 from 09/2008	**Administrative Assistant at Ardix Hotels**: Managed files and accounting tasks, worked closely with the manager to design cash forecasts and inventory stock, among various other responsibilities.
